

OPERATIONS RESEARCH ANALYST

GS-1515-11/12/13/14/15

(Schedule B, Excepted Service Positions)

JOA #190-P-93-059-SW

LOCATION: OFFICE OF THE DIRECTOR, COST ASSESSMENT AND PROGRAM EVALUATION, ARLINGTON, VA

CLOSING DATE: OPEN CONTINUOUSLY

AREA OF CONSIDERATION: ALL SOURCES

PLEASE INCLUDE THE JOA NUMBER ON YOUR APPLICATION/RESUME.

The filling of this position is subject to the DoD Priority Placement Program.

INTRODUCTION: The Office of the Director, Cost Assessment and Program Evaluation (CAPE) provides independent analytic advice to the Secretary of Defense regarding alternative weapon systems and force structures, the development and evaluation of defense program alternatives, and the cost-effectiveness of defense systems. The office also conducts analysis and offers advice in a number of related areas, such as military medical care, school systems for military dependents, information technology, and defense economics. Consistent with its advisory role, the office has no decision authority or line responsibility and has no vested interest in any sector of the defense budget.

CAPE seeks professionals with graduate education in a quantitative field as well as demonstrated analytical ability. Typical degrees include (but are not limited to) physics, chemistry, engineering, economics, mathematics, statistics, operations research, and computer science. An excellent ability to communicate, both orally and in writing, is essential. Since the issues CAPE deals with tend to be broad, a desire and ability to see the big picture, and to rapidly acquire knowledge beyond one's particular field of expertise, is preferred.

DUTIES: This position is located in the Office of the Director, Cost Assessment and Program Evaluation. Depending on grade level and the division to which assigned, incumbent will perform one or more of the following:

1. Conduct qualitative and quantitative analyses of military forces, weapon systems, and major programs proposed by the military services;

2. Analyze and evaluate the capabilities, effectiveness, feasibility, and costs of proposed and alternative forces, weapon systems, and programs;
3. Develop planning and programming guidance upon which DoD force structure, program, and budget proposals are to be based;
4. Design and/or conduct studies and analyses of the capabilities of U.S., allied, and potential enemy forces;
5. Analyze the impact of force reduction options upon U.S. and allied defense capabilities;
6. Perform cost and/or economic analyses of alternative defense plans and programs;
7. Develop and/or validate life-cycle cost estimates of planned or proposed weapon systems;
8. Prepare issue papers analyzing program alternatives for use by the Secretary of Defense;
9. Initiate, design, monitor, and evaluate DoD force structure studies and analyses;
10. Apply mathematical and other pertinent scientific approaches to complex problems;
11. Develop better mathematical models and analytical methods;
12. Conduct research into economic and fiscal issues of major concern to the Department of Defense.

QUALIFICATION REQUIREMENTS: (See also OPM's Qualification Standards Handbook.)

Education: A full four-year or longer curriculum in an accredited college or university leading to a bachelor's or higher degree with a course of study that included 24 semester hours of coursework in operations research, mathematics, logic, or other subjects for which college-level mathematics or statistics was a prerequisite. **At least 3 of the 24 semester hours must have been in calculus.** The following are illustrative of acceptable courses: engineering mechanics, physics (except descriptive or survey courses), econometrics, psychometrics, biometrics, experimental psychology, physical chemistry, industrial process analysis, managerial economics, computer science, measurement for management, mathematical models in social phenomena, or other comparable quantitative analysis courses for which college-level mathematics or statistics is a prerequisite. A graduate degree or equivalent training is highly desirable.

Professional Experience: Except for candidates who qualify on the basis of education, two years of professional experience in the Federal service for GS-11, at least six months of which must have been at a level of difficulty comparable to that of the next lower grade, or one year at a level of difficulty comparable to that of the second lower grade. For grade GS-12 and above, at least one year of the required experience must have been at a level of difficulty comparable to

that of the next lower grade in the Federal service. Appropriate graduate education may be substituted for experience, as authorized by OPM's Qualification Standards Handbook. The time-in-grade requirement applies at all levels.

These are Schedule B positions, under the Excepted Service. A Career or Career-Conditional employee selected must voluntarily relinquish his or her competitive status prior to appointment to these positions.

Relocation is not authorized.

Applications will be maintained in an active status for a period of one year from the date of receipt. Applicants who have not been selected, and continue to be interested in employment at the end of the one-year period, must reapply or request to have their application maintained for an additional time period. Applicants will be considered as vacancies occur.

Applicants who meet the minimum qualifications will be further evaluated on the basis of the following factors:

1. Successful completion of coursework leading to a Masters or Ph.D. degree;
2. Specialized program or functional experience applicable to the position to be filled;
3. Supervisory appraisal;
4. Breadth of program analysis experience;
5. Knowledge of the Planning, Programming, and Budgeting System;
6. Academic honors or work achievement awards;
7. Veteran preference;
8. Official recognition of work achievements (i.e., outstanding performance evaluations, quality salary increases, cash awards, etc.).

HOW TO APPLY TO JOA #190-P-93-059-SW

* Your application must contain four items:

1. Resume
2. Appraisal of demonstrated performance (form attached). We would prefer a current or former supervisor complete the form, but a co-worker appraisal is acceptable if no other options are available.
3. Program areas checklist (also attached). In addition to the list, you may submit a synopsis of your experience in each area you checked.
4. Copies of your college transcripts.

- * Some positions may be filled on a temporary basis. Please indicate in your application if you wish to be considered for temporary positions.
- * If you are a current or prior federal employee, you must attach a photocopy of your:
 - Last SF-50, "Notification of Personnel Action," documenting your annual salary and personnel status.
 - Most recent annual performance appraisal.
- * Selectees with prior military service will be required to submit:
 - A photocopy of their DD 214, "Certificate of Release or Discharge from Active Duty"; and
 - An SF 15, "Application for 10-Point Veteran's Preference" (if appropriate).
 - Be sure to retain a copy of the documents you provide. All materials submitted with employment applications become the property of the Office of Program Analysis and Evaluation and will not be returned.

Mail the application to:
